## LOCAL FOOD RECIPE TASTING

SATURDAY JULY 15, 2017

11:00 AM – 2:00 PM

Not sure what to do with real, local food? To help bring people back to eating close to home, Wendy's Country Market and Furnace Falls Farm are creating recipes for the preparation and preservation of local ingredients.

Drop by the market to meet chef Mark Beacock, taste the produce, sample the products, and take away the recipes. Learn more about our project supported by the Greenbelt Fund, and help us with your feedback!
